

When we present one of our outdoor PowerPoint programs or lead a naturalist hike or tour for your group, it is customary for us to receive an honorarium, in lieu of any actual charges, fees or expenses.

An Honorarium is "a payment in recognition of acts or professional services for which custom or propriety forbids a price to be set".

Currently, most membership organizations have a standard honorarium amount for our presentations or services of \$75.00 for up to two hours. However, if you don't have such a budget, we will work out another arrangement with you. Contact us and let's see what we can do to accommodate your group.
